Family Trees by Margaret

was established in 1984.

*The designs - copyright are registered with the Library of Congress.
Each Family Tree is hand crafted and hand painted, making each piece uniquely different.*

The design or size of each tree can be tailored to any family, whether it is small, large, or blended (yours, mine and ours).

Whether the Family is represented by a plaque, or any other variation, a Family Tree is an appropriate gift for teachers, birthday, Mother's Day, Father's Day, Grandparents Day, Christmas, Wedding or Anniversary.
